

High five

Office space turned party space for attendees at the open house

Cleary Zimmermann Engineers celebrated their fifth anniversary by hosting an open house at their newly renovated office space Apr. 21. The company is housed in a historic early-1930's warehouse in the 'SoFlo' area of downtown San Antonio, located at 1344 S. Flores Street. Over 200 guests attended the event, which included a self-guided tour of the newly remodeled first floor office space, as well as the untouched 2nd floor. The contrast of the old 2nd floor compared to the new 1st floor provided a nice glimpse into the building's past use. —dn
